SUMMARY

Motivated and enthusiastic HNDIT student at SLIATE with a strong foundation in software development and IT services. Skilled in full-stack web development with a focus on React and front-end frameworks. Eager to apply academic knowledge in real-world environments and contribute effectively to development teams. Quick learner with excellent problem-solving skills, a passion for coding, and a commitment to continuous learning and knowledge sharing.

PROJECTS

CarSaleWeb Application

Developed a full-featured web application using React for buying and selling vehicles.

- Developed a full-stack car listing platform with user authentication (login/register), dynamic listings, search, and filtering features.
- Built a responsive front-end using React, ensuring smooth user interactions and clean UI design.
- Integrated Firebase for user authentication and real-time database management.
- Emphasized performance optimization and cross-device compatibility for an intuitive user experience.

Car Rental Web Application

- Developed a responsive web application for renting vehicles with features including browsing, booking, and managing car rentals.
- Implemented user authentication (login/register) and dynamic car listings using HTML, CSS, and JavaScript.
- Designed a clean, intuitive UI to ensure a seamless booking experience across all devices.
- Integrated MongoDB for backend services including user authentication, car data management, and booking storage.

SKILLS

Software Development	Web Development	Project Management
Database Management	Frameworks & Libraries	Responsive Design

EDUCATION

Higher National Diploma in Information Technology (HNDIT) SLIATE	Sep 2023 - Present
